Rifle / Pistol Equipment

Equipment Control will be conducted according to ISSF Rules using approved, calibrated instruments. Pre-competition testing is not mandatory; however, athletes are responsible for competing with legal equipment and clothing. All athletes are urged to submit any doubtful equipment and clothing to Equipment Control for checking before the competition. All athletes are subject to being selected for random post-competition testing and will be disqualified if their equipment or clothing is not legal according to ISSF Rules.

Rifle Clothing

All rifle athletes must have ISSF seals with serial numbers on their jackets and trousers. Any rifle jackets or trousers that do not have ISSF seals must be submitted to Equipment Control for inspection and the affixing of a seal before the athlete's first competition. Jackets and trousers that were previously inspected and have an ISSF seal continue to be valid except that athletes with more than one jacket or trousers must report to Equipment Control before their first competition to confirm which jacket and which trousers they will use. All other seal numbers for that athlete will be cancelled. Athletes that wish to replace registered jacket or trousers with a new clothing item must bring that item to Equipment Control for inspection and a new seal. Previous seals will then be cancelled. Rifle athletes can have only one active jacket and trousers at any time.

Rifle Clothing Post-Competition Stiffness Testing

If one panel of a rifle jacket or trousers tests 2.9 or lower, the stiffness device must be recalibrated and the panel must be retested. If it fails again, but all other panels pass, the athlete will not be disqualified, but a written warning must be given to the athlete and the ISSF seal must be cut off. The athlete can continue using this clothing for that day in that event. If two or more panels fail, the athlete must be disqualified (DSQ).

Air or CO₂ Cylinders

It is the athlete's responsibility to ensure that any air or CO₂ cylinder is still within its validity date. This may be checked by Equipment Control.

5. PARTICIPATION

In the ISSF Grand Prix each nation can enter a maximum of five (5) athletes in individual events but only three (3) of them can be registered to compete for the medals. A maximum of three (3) athletes may proceed to the Final.

10. VISA TO ENTER CROATIA

Citizens of most European countries do not need entry visas for Croatia. However, competitors from some countries should obtain an entry visa from the nearest Croatian consular department.

Each participating federation requiring visa should fill out the "Visa Support Form" (Annex 3) and return it to the Organizing Committee within the required deadline.

Due to the possibility of minor changes in the visa requirements status, the updated overview can be found on the following web site: www.mvpei.hr

11. IMMIGRATION AND CUSTOMS REQUIREMENTS – **change to: FIREARMS CUSTOMS FORMALITIES**

When entering Croatia, you will need to have an invitation letter and claim possession of the firearms (present an official firearms owners' certificate) to the police officer when crossing the border.

- Persons with an EU firearm permits just have to show EU firearms permit to police officer and do not need to show any other forms or pay any taxes.
- Persons arriving from outside the EU or don't have an EU firearm permits, will get an official form from the police when crossing the border, on which they can register up-to three weapons. Police will issue papers for these firearms, which you must show at departure during check-in and to the police officer.

The tax of 70 Croatian Kuna (around 9 EUR) is requested for every submitted form.

Upon arrival to Croatia all firearms and ammunition must be transported directly to the Shooting range firearms storage.

At departure the firearms and ammunition have to be collected from the firearms storage on the way to airport (not before).

12. TRANSPORT

The Organizing Committee will provide the transport service for all the delegations between the **official airports and the official hotels** during the official days of the ISSF GRAND PRIX OSIJEK 2022

The official airports are:

1. Airport „KLISA“ – Osijek
- located 15 km from sport hall - www.osijek-airport.hr
2. Airport „FRANJO TUĐMAN“ – Zagreb
- the main Croatian airport located in Zagreb, 300 km from Osijek, and well connected to many European destinations - www.zagreb-airport.hr

13. ACCOMMODATION AND HOTEL RESERVATION

Osijek is the city with many small hotels and our plan is to use 2 or 3 hotels with 4* about 20 to 35 km outside from Osijek.

We assembled hotels into three **OUR** categories.

Accommodation will be offered at the following prices, per room per night, breakfast and tax included.

Category	Single room	Double room	
1st	135 €	145 €	4* hotels in Osijek
2nd	105 €	125 €	4* hotels outside Osijek
3rd	80 €	90 €	3* hotels in Osijek

The hundred percent (**100%**) of the accommodation expenses and taxes must be transferred in advance, not later than **January 8, 2022** to the following account:

Bank: **ERSTE&STEIERMAERKISCHE BANK d.d.**
Jadranski trg 3a, 51000 Rijeka, CROATIA
Swift code: **ESBCHR22**
IBAN: **HR1124020061100645444**
Beneficiary: **GSD "OSIJEK 1784"**

Although the booking will be based on the principle "first come, first served" (teams making the reservation and transferring 80% of the deposit sooner, will have the privilege to choose), due to the fact that Osijek has a large number of small hotels, the organizer retains the right to perform the optimal booking to avoid accommodating the members of the same team in different hotels.

14. LOCAL TRANSPORTATION

Throughout the duration of the ISSF Grand Prix, bus transportation will be provided from the official hotels to and from the venue.

There will be no shuttle service before the official arrival day (18th January) and after the official departure day (22nd January).

Delegations staying in unofficial hotels will be responsible for their own transportation.

15. FOOD SERVICE AT THE SHOOTING RANGE

At the Sport hall is one of the best restaurant in town where you can eat at reasonable prices.

16. ARMS, AMMUNITION & EQUIPMENT STORAGE

Storage of arms, ammunition and equipment will be centrally located at the venue. Use of this facility is recommended for all participating federations. CO₂ will not be provided.
